Art. 678

Lo sgabello in polipropilene Volt, dai volumi puri e linee definite, mantiene invariata la cura dei dettagli e la tecnologia produttiva che identificano l'omonima collezione. Le dimensioni contenute, abbinata a forme ergonomiche, assicurano funzionalità e comfort. Il poggiatesta che continua su tre lati avvolge le gambe come una fascia e aumenta la resistenza dello sgabello, garantendone l'impilabilità.

Volt polypropylene barstool, with its pure volume and its well defined lines is the result of excellent selection of the best technologies and researches in plastic materials. The compact size and ergonomic shape ensure functionality and comfort. The footrest on three sides, like a bend, grants the stackability.

Art. 678

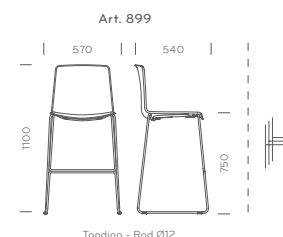

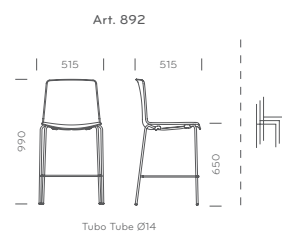

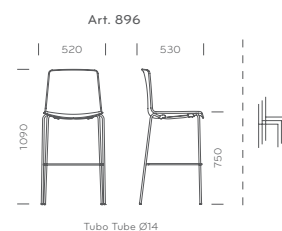

Design Marc Sadler

Art. 892 - 896 - 899

Gli sgabelli Tweet, impilabili, hanno scocca in polipropilene stampato a bi-iniezione, versione monocromatica o bicromatica. Finitura opaca antigraffio per la parte frontale, finitura lucida per il retro. Struttura in tubo d'acciaio Ø14 mm o in fondino d'acciaio Ø12 mm cromato, cromato nero o verniciato. Tweet stackable bar stools have bi-injected moulding polypropylene shell, one-colour or bicolour version. Matt and scratch resistant on the frontal part, glossy finish on the back part. Steel tube frame Ø14 mm or steel rod frame Ø12 mm chromed, black chromed or powder coated finish.

Art. 860

A metà tra una lettera tridimensionale e una piccola colonna appartenente a uno stile architettonico indefinito, lo sgobello Serif condensa forme classiche e proporzioni che lo rendono familiare al primo sguardo.
Serif bar stool is an hybrid between a letter and a small three-dimensional column which belongs to an indefinite architectural style, classic forms and proportions are blended in, recognizable at first sight.

Design Odo Fioravanti

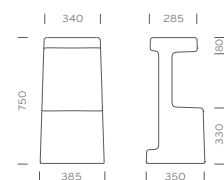

Art. 860

Grazie alla sua aura da instant classic, Serif si adatta con facilità agli ambienti più diversi con una particolare vocazione per l'ambito contract. Realizzato interamente in polietilene, Serif è proposto in total white oppure in una palette cromatica tutta naturale a sottolinearne la perfetta collocazione en plein air e l'anima ecologica.

Thanks to a sort of aura of instant classic, Serif easily suits in different places, with a special vocation for the contract environment. Completely made in polyethylene, Serif is available in total white look or in a natural chromatic palette so to underline the perfect collocation en plain air and the eco-friendly soul.

Design Odo Fioravanti

Art. 2702 - 2706

Lo sgabello in frassino Babila ha un look estremamente leggero. Le gambe affusolate si innestano nel sedile in multistrato senza l'aggiunta di parti di supporto, un elemento in pressofusione di alluminio garantisce l'appoggio per i piedi, incorniciando il legno e donandogli robustezza. Altezza 650 mm o 750 mm.

Babila ash wood barstool with an extreme lightweight look where the die-casted aluminium footrest is perfectly jointed to the legs. Height 650 mm or 750 mm.

Sedia Babila disponibile sul catalogo EssentialPlywood.
Babila chair available in EssentialPlywood catalogue.
